

OPENSky™, Frequencies and Fast Internet Proxies Guide

27/03/2002

Abstract

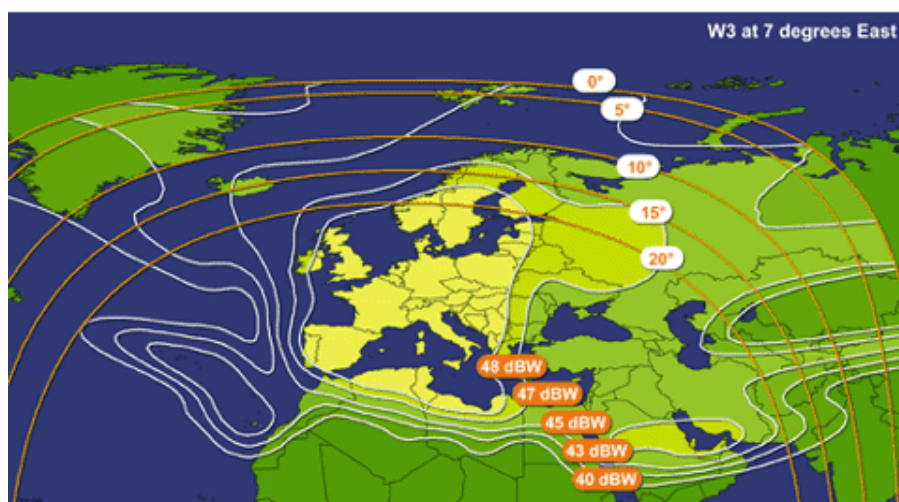

This document contains the frequency parameters required for the OPENSky™ Services. According to your area and to your OPENSky™ user account, you will have to set these parameters in your DVB card (see DVB cards user guides on our web site). You will also find the Proxy address required for the Fast Internet Service.

If you have any questions concerning these parameters, please send an email to:

opensky@opensky.eutelsat.net

Eutelsat W3 at 7° East, Transponder C3

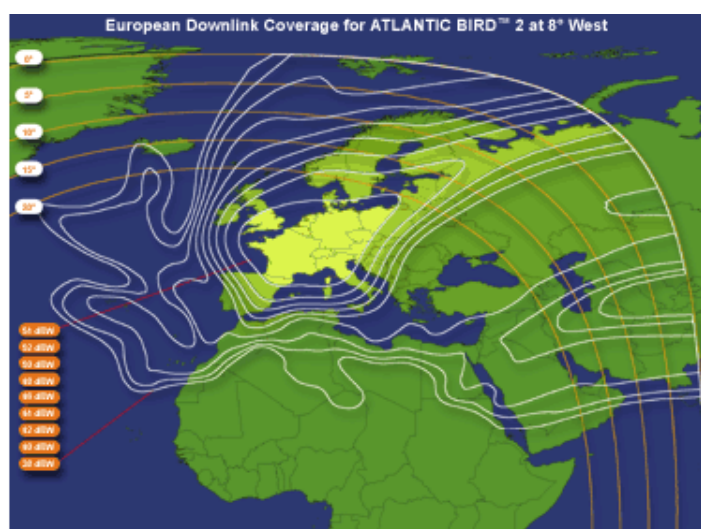

Frequency	11.2623 GHz
Symbol Rate	27.5 Msymb/s
Fec	2/3
Polarity	Horizontal
Active PIDs	2401, 2001, 2002, 2004
Fast Internet Proxy address	proxy.eutelsat.net port: 8080 (or by IP address 193.251.135.100 port 8080)

W3 7° East, European Beam

Eutelsat ATLANTIC BIRD™ 2 at 8° West, Transponder F7

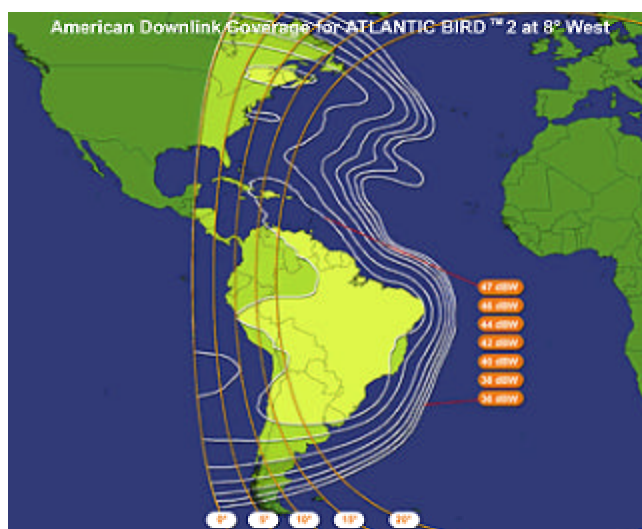

Frequency	12.649 GHz
Symbol Rate	27.5 Msymb/s
Fec	3/4
Polarity	Vertical
Active PIDs	Unicast (Fast Internet)
Fast Internet Proxy address	proxy1eutelsat.net port: 8080 (or by IP address 193.251.135.101 port 8080)

ATLANTIC BIRDä at 8° West, European Beam

Eutelsat ATLANTIC BIRD™ 2 at 8° West, Transponder B6

Frequency	11.13883 GHz
Symbol Rate	27.5 Msymb/s
Fec	2/3
Polarity	Vertical
Active PIDs	2401, 2001, 2002, 2004
Fast Internet Proxy address	proxy2.eutelsat.net port: 8080 (or by IP address 193.251.135.102 port 8080)

ATLANTIC BIRDä at 8° West, American Beam
